

VIP Service Statement

The staff of the China Visa Application Center has explained the contents and charging standards of the VIP service package in detail. I fully understand that the VIP service fee is an additional fee and does not include the basic visa application service fee. Whether I choose VIP service will not affect the approval time of my application.

Regardless of whether my application is approved or not by the Chinese Embassy/Consulate General, I voluntarily decide to choose the following VIP services and pay the corresponding VIP service fees:

VIP: Preliminary Review Fee: 55 euros (excluding tax)

Applicant's Name (clearly legible): _____

Passport Number: _____

Applicant's Signature: _____

Date: _____
